Many traders go around searching for that one perfect trading strategy that works all the time in the global FOREX (foreign exchange/currency) market. Frequently, they will complain that a strategy doesn't work. Few people understand that successful trading of the FOREX market entails the application of the right strategy for the right market condition. 7 Winning Strategies For Trading Forex covers: - Why people should be paying attention to the FOREX market, which is the world's largest and most liquid financial market - How understanding the structure of this market can be beneficial to the independent trader - How to overcome the odds and become a successful trader - How you can select high-probability trades with good entries and exits. Grace Cheng highlights seven trading strategies, each of which is to be applied in a unique way and is designed for differing market conditions. She shows how traders can use the various market conditions to their advantage by tailoring the strategy to suit each one. This revealing book also sheds light on how the FOREX market works, how you can incorporate sentiment analysis into your trading, and how trading in the direction of institutional activity can give you a competitive edge in the trading arena. This invaluable book is ideal for new and current traders wanting to improve their trading performance. Filled with practical advice, this book is a must-read for traders who want to know exactly how they can make money in the FOREX market.

How to Get All the Benefits of Day Trading without the Downside Risk Would you jump out of an airplane without a parachute? Then why would you start making trades online before you learned what you were doing? It's crazy! But with deep discount brokers making it look so easy for individual investors, it's no wonder consumers today are lulled into a false sense of security. "Opening an online account is the easy part! It's making successful trades that's the hard part!" Don't leave your money in the hands of crooked financial advisors and greedy fund managers who charge high fees for low returns. With the new economy, comes new trading rules. You can't rely on outdated textbooks and strategies anymore. But if you adapt, you can make a considerable fortune with these new market conditions. Here's the deal. Swing trading requires less start-up capital than day trading. And unlike day trading, swing trading plays out over a few days or a week – which gives you much more room for error. Making it far more beginner friendly, with an easier learning curve. It's also ideal if you have a family, or want to start in your spare time. Here's just a fraction of what you'll discover inside: The best brokerage accounts for swing traders (setting this up right can save you \$1000+ a year in commissions) How social media moves asset prices, and how to always be first to act on these (do this and you'll almost always ensure lower entry prices than your competition) The only 3 strategies you need for swing trading success (despite what everyone else tells you, it's these 3 which will bring 90% of your profits) How to always ensure the right entry position for a trade The magic trading number: If you win this percentage of your trades, you'll make massive profits (lower than you think) How to spot under or overvalued stocks with 99% accuracy The secret to finding your trading edge (hint: the risk-reward ratio isn't enough) When to invest, and more important when NOT to invest like Warren Buffett The 10 best traders to follow on Twitter for maximum profit opportunities How to trade like a financial institution – even if you're just doing this in your spare time Chart patterns that provide trading opportunities How to master the emotional side of trading A simple technique you can do in just 5 minutes a day. This is used by top hedge fund traders, and almost always guarantees an increase in your percentage of winning trades Understanding recent tax law changes – and their impact on your business (in plain English) How to let the market do the work for you (an effective "passive trading" strategy) ...and much, much more. You may have experienced various obnoxious and even misleading advertisements of easy, get rich trading strategies. This is not one of those. You won't have to spend thousands on expensive trading software or "magic bullet systems" In fact, you can get started using an online trading account and use free websites for your information (you'll find the best two in Chapter 7) You will build up both your skills and confidence, with practical "how-to" approaches. All written in plain, easy to understand English. So if you want to make money in your spare time, and have fun while doing it... scroll up and click "add to cart"

Do you want to change your life by knowing the proven and efficient journey to wealth? If so, keep reading to offer yourself a chance to begin establishing wealth for your family where you can enjoy your life. Are you one of those people who feel stressed out because you're not making enough money day in and day out? Most of the time, it's not your fault. Keep in mind that the industry is filled with paradoxes, not to mention that retail traders are instructed to do precisely what they're supposed to do. The essential guide to launching a successful career in trading—updated for today's turbulent markets "Mastering the Trade is an excellent source for a basic understanding of market action, be it day and/or longer-term trend trading. A programmer will have a field day with the many ideas that are in this book. It is highly recommended." —John Hill, president of Futures Truth magazine "John Carter's new book focuses quickly on the critical area of trader psychology, a realm that will often separate the trader from his wallet if it is not mastered first. The in-depth trading strategies clearly show how to respond to market moves based on real-world examples." —Price Headley, founder of BigTrends.com and author of Big Trends in Trading "Well written and packed with the kind of insight about the nature of trading and the markets that can surely benefit every level of trader." —Mark Douglas, author of Trading in the Zone and The Disciplined Trader "This is a must read for all new traders, specifically for the psychological aspect of trading. I am recommending it to all of my clients." —Carolyn Boroden, FibonacciQueen.com About the Book: When it was first published in 2005, Mastering the Trade became an instant classic in the world of day trading. Now, veteran day trader and educator John F. Carter has updated his time-proven swing trading technique to help you succeed in an environment vastly transformed by volatility and technology. Universally acclaimed for its sophisticated yet easy-to-execute methods, this practical, results-driven guide provides everything you need to make a lucrative career as a day trader—from preparing yourself psychologically for the unique demands of day trading to timing the market, managing risk, and planning future trades. Mastering the Trade sets aside timeworn basics and rehashed ideas to examine in detail the underlying factors that cause prices to move. Providing the tools you need to make the right decisions at the right times, it helps you enter market shifts early and either pull out before losses accrue or hang on for a long and refreshingly predictable ride. Mastering the Trade covers: The five psychological truths that will transform you from a mistake-prone novice into a savvy trading professional Exact entry, exit, and stop-loss levels for the intraday trading of stocks, options, ETFs, e-mini futures, 30-year bonds, currencies, and more Seven key internals, from \$TICKS to five-minute volume—critical for gauging pending market direction from the opening bell Premarket checklists for analyzing recent market behavior and calculating on each trading day what you plan to do, how you plan to do it, and why Airtight risk control techniques for protecting trading capital—the most important component of a professional trading career After spending many years on various trading desks, Carter has developed an intuitive understanding of how the markets work. In Mastering the Trade, he gives you unlimited access to everything the markets have taught him—so you can make an exceptional living on the frontlines of professional trading.

The ST Patterns Trading Manual will provide a detailed hourly technical analysis using EUR/USD pairs for May 2017. Calculations of the results are performed based on the actual results without rounding off. The strategy shows a good technical result for the EUR/USD pair in May--equal to about 300% of the initial deposit. The study of the GBP/USD pair will help readers understand the importance of determining periods of market uncertainty in a timely fashion.To demonstrate the flexibility of the strategy settings and the formation of short-term uncertainty periods, the EUR/USD pair is shown on five-minute charts in one working day on May 31. For nine hours of work, the result was approximately + 82% of the initial deposit.The month following the first book's «Trading Code is Open: ST Patterns of the Forex and Futures Exchanges» publication perfectly demonstrated the possibilities of using the trading system and showed how almost half of the ST Patterns published in this book operate in practice. The analysis, based on accurate calculations, will help traders consolidate the acquired knowledge, and to increase their own skills with Structural Target Patterns.Over the 18 years I have spent researching dozens of well-known, as well as not so famous, trading systems, I have not found any that could demonstrate anything near the results obtained by the ST Patterns trading method during this arbitrarily chosen time interval. The trading of the EUR/USD currency pair is given as the main example in this book. But the algorithm for this trading, detailed in this book, is also applicable to other currency pairs. The ST Trading Strategy is also profitable in the Futures, Indices, Commodities and other liquid markets. Millions of traders are trying to find an effective technical method for analyzing the movement of exchange charts. Now it has arrived! Note: This book (ISBN: 1719837996). is with a color interior. You can also buy a book (ISBN: 171986005X) with black & white interior.
