\* AWARDED BEST ANTHOLOGY BY THE ART ASSOCIATION OF AUSTRALIA AND NEW ZEALAND \*How has Asia been imagined, represented and transferred both literally and visually across linguistic, geopolitical and cultural boundaries? This book explores the shifting roles of those who produce, critique and translate creative forms and practices, for which distinctions of geography, ethnicity, tradition and modernity have become fluid. Drawing on accounts of modern and contemporary art, film, literature, fashion and performance, it challenges established assumptions of the cultural products of Asia. Special attention is given to the role of cultural translators or 'long-distance cultural specialists' whose works bridge or traverse different worlds, with the inclusion of essays by three important artists who share personal accounts of their experiences creating and showing artworks that negotiate diverse cultural contexts. With contributions from key scholars of Asian art and culture, including art historian John Clark and anthropologist Clare Harris, alongside fresh voices in the field, *Asia Through Art and Anthropology* will be essential reading for students and scholars of anthropology, art history, Asian studies, visual and cultural studies.-----The

" Nakamura has fallen in love-at-first-sight with one of his classmates, Hirose—but there's a problem: they haven't actually met yet...and Nakamura is a total klutz who might bungle things before they even begin! "

Instantly reminiscent of the work of Osamu Dazai and Patricia Highsmith, Fuminori Nakamura's latest novel is a dark and twisting house of mirrors that philosophically explores the violence of aesthetics and the horrors of identity. A young writer arrives at a prison to interview a convict. The writer has been commissioned to write a full account of the case, from the bizarre and grisly details of the crime to the nature of the man behind it. The suspect, a world-renowned photographer named Kiharazaka, has a deeply unsettling portfolio—lurking beneath the surface of each photograph is an acutely obsessive fascination with his subject. He stands accused of murdering two women—both burned alive—and will likely face the death penalty. But something isn't

quite right. As the young writer probes further, his doubts about this man as a killer intensify, and he struggles to maintain his sense of reason and justice. Is Kiharazaka truly guilty, or will he die to protect someone else? Evoking Truman Capote's *In Cold Blood* and Ryunosuke Akutagawa's "Hell Screen," *Last Winter, We Parted* is a twisted tale that asks a deceptively sinister question: Is it possible to truly capture the essence of another human being? From the Hardcover edition.

A literary crime masterpiece that follows a Japanese pickpocket lost to the machinations of fate. Bleak and oozing existential dread, *The Thief* is simply unforgettable. The Thief is a seasoned pickpocket. Anonymous in his tailored suit, he weaves in and out of Tokyo crowds, stealing wallets from strangers so smoothly sometimes he doesn't even remember the snatch. Most people are just a blur to him, nameless faces from whom he chooses his victims. He has no family, no friends, no connections.... But he does have a past, which finally catches up with him when Ishikawa, his first partner, reappears in his life, and offers him a job he can't refuse. It's an easy job: tie up an old rich man, steal the contents of the safe. No one gets hurt. Only the day after the job does he learn that the old man was a prominent politician,

In Transgenerational Remembrance, Jessica Nakamura investigates the role of artistic production in the commemoration and memorialization of the Asia-Pacific War (1931–1945) in Japan since 1989. During this time, survivors of Japanese aggression and imperialism, previously silent about their experiences, have sparked contentious public debates about the form and content of war memories. The book opens with an analysis of the performance of

## Where To Download Go For It Nakamura

space at Yasukuni Shinto Shrine, which continues to promote an anachronistic veneration of the war. After identifying the centrality of performance in long-standing dominant narratives, Transgenerational Remembrance offers close readings of artistic performances that tackle subject matter largely obscured before 1989: the kamikaze pilot, Japanese imperialism, comfort women, the Battle of Okinawa, and Japanese American internment. These case studies range from Hirata Oriza's play series about Japanese colonial settlers in Korea and Shimada Yoshiko's durational performance about comfort women to Kondo Aisuke's videos and gallery installations about Japanese American internment. Working from theoretical frameworks of haunting and ethics, Nakamura develops an analytical lens based on the Noh theater ghost. Noh emphasizes the agency of the ghost and the dialogue between the dead and the living. Integrating her Noh-inflected analysis into ethical and transnational feminist queries, Nakamura shows that performances move remembrance beyond current evidentiary and historiographical debates.

The magnum opus by Japanese literary sensation Fuminori Nakamura, *Cult X* is a story that dives into the psychology of fringe religion, obsession, and social disaffection. When Toru Narazaki's girlfriend, Ryoko Tachibana, disappears, he tries to track her down, despite the warnings of the private detective he's hired to find her. Ryoko's past is shrouded in mystery, but the one concrete clue to her whereabouts is a previous address in the heart of Tokyo. She lived in a compound with a group that seems to be a cult led by a charismatic guru with a revisionist Buddhist scheme of life, death, and society. Narazaki plunges into the secretive world of the cult, ready to expose himself to any of the guru's brainwashing tactics if it means he can learn the truth about Ryoko. But the cult isn't what he expected, and he has no idea of the bubbling violence he is stepping into. Inspired by the 1995 sarin gas terrorist attack on the Tokyo subway, *Cult X* is an exploration of what draws individuals into extremism. It is a tour de force that captures the connections between astrophysics, neuroscience, and religion; an invective against predatory corporate consumerism and exploitative geopolitics; and a love story about compassion in the face of nihilism.

Hiroshima is the story of six people--a clerk, a widowed seamstress, a physician, a Methodist minister, a young surgeon, and a German Catholic priest--who lived through the greatest single manmade disaster in history. In vivid and indelible prose, Pulitzer Prize-winner John Hersey traces the stories of these half-dozen individuals from 8:15 a.m. on August 6, 1945, when Hiroshima was destroyed by the first atomic bomb ever dropped on a city, through the hours and days that followed. Almost four decades after the original publication of this celebrated book, Hersey went back to Hiroshima in search of the people whose stories he had told, and his account of what he discovered is now the eloquent and moving final chapter of Hiroshima.
