It includes 318 questions that cover genetics, molecular medicine, immunology, microbiology, anatomy, physiology, clinical chemistry, statistics & epidemiology and clinical pharmacology.

Based on the new form of MCQ - 'Best Of Five' Clinical Scenarios to provide readers with a complete distance-learning package.

This book provides MRCP candidates with over 100 illustrated questions and explanatory answers, in the style of the new exam. Cases and the subsequent discussion points have been carefully selected to optimise learning and revision. The main author, Dr Huw Beynon, has now taught a generation of doctors. His books are renowned amongst MRCP candidates for providing carefully chosen, challenging and stimulating material. The second author, Dr Luke Gompels, has taken the MRCP examination recently enough to be familiar with its pitfalls, thus ensuring that these pearls of wisdom will be passed on to yet more candidates hungry for MRCP success. · A thorough and up-to-date collection of illustrated 'best of five' questions · Aimed at MRCP Part 2 (written) exam · Detailed explanatory answers - useful for revision of specific topics · Full colour illustrations throughout - to show clinical features · All questions in the new 'best of five' format · Larger, more attractive page size · Attractive new format: clear style and colourful presentation

This volume offers a comprehensive and trustworthy solution to anybody wishing to sit, pass, and excel at the Membership of the Royal College of Physicians Part 1 examination.

Candidates taking the MRCP 1 examination will find this title essential reading. It provides invaluable guidance at practising 'Best of Five' format questions. The questions have up-to-the-minute clinical scenarios encountered in everyday hospital practice. Contains 300 brand new 'Best of Five' questions with expanded answers for focused revision.

Get Through MRCP Part 1: BOFs provides over 600 questions and answers, allowing the reader to test their knowledge in preparation for the MRCP Part 1 examination. Questions are presented in the style used in the real examination, and answers are supplemented with useful additional explanatory material to help the reader understand why their answer was right, or wrong. The book offers a useful review of all elements of the syllabus, so the reader can feel fully prepared when they enter the examination room.

This book is the essential revision guide for neurology in the Membership of the Royal College of Physicians (MRCP). Neurology has been rated as the most difficult subject in MRCP examinations and there has been no concise and easy-to-use revision guide to help candidates through the exams until now. Neurology for MRCP is written by two experienced neurologists who have taught both the written (Part 1 and Part 2) and clinical (PACES) sections of the exam. This pioneering new book will also be useful for medical students sitting for their final examinations and for doctors who are preparing for the PLAB examination.

This book is an invaluable resource with 400 self-assessment cases and data interpretation questions covering all aspects of internal medicine. It has great breadth of coverage, superb illustration, lively presentation, precise answers and detailed discussion.

Written for candidates sitting their MRCP Part 1 examination, this revision focuses on the recurring themes which come up in the questions. The book also includes a chapter on clinical pharmacology (which alone accounts for up to 30% of the questions), looking at aspects of drug-induced disease and drug interactions. Finally there is a chapter on statistics and epidemiology which is rarely covered in other texts, but is often included in the exam. Helps MRCP Part 1 candidates prepare for and pass their exam. Addresses an increasingly important topic in the exam. Addresses a topic that is vital to passing the exam, but which most candidates are poorly prepared for. Covers all the relevant basic science subjects plus includes clinical pharmacology. Is of use to candidates studying for other postgraduate exams such as PLAB, USMLE and MRCPCH. Is the first book of its

kind in the membership market and is now regarded as essential for exam preparation.

Best of Five MCQs for the MRCP Part 1 pack offers a comprehensive and trustworthy solution to anybody wishing to sit, pass, and excel at the Membership of the Royal College of Physicians Part 1 examination. Presented as a unique three-volume set, it features 1125 high-quality practice questions on each of the medical systems and specialties in alphabetical order. Volume 1 features 375 Best of Five questions on clinical sciences, clinical haematology and oncology, cardiology, and clinical pharmacology, therapeutics and toxicology. Volume 2 features 375 Best of Five questions on dermatology, endocrinology, gastroenterology, geriatric medicine, infectious diseases, and ophthalmology. Volume 3 features 375 Best of Five questions on nephrology, neurology, psychiatry, respiratory medicine, and rheumatology. All 1125 questions contain questions written and reviewed by successful candidates and previous examiners, and are accompanied by detailed explanations and further reading, ensuring complete and successful revision for this challenging exam. Matched to the latest Royal College curricula in coverage and format, this dedicated resource provides readers with an accurate, authoritative, and evidence-based companion to the MRCP Part 1.

New questions following the Part 1 syllabus with a heavy emphasis on the clinical sciences: clinical anatomy, cell, molecular and membrane biology; clinical biochemistry and metabolism; clinical physiology, genetics; immunology, statistics, epidemiology and evidence-based medicine.

Allay your anxieties about the MRCP exams and increase your confidence with An Aid to the MRCP: Essential Lists, Facts and Mnemonics. In order to pass the MRCP exams you will need to learn a large number of lists and key facts. This book provides the essential lists and facts you need to know together with memory aids to speed learning and recall. Armed with this knowledge you will be able to rapidly narrow your differential diagnosis and identify the most likely answer. This essential new MRCP title has been written by a recent candidate for the MRCP exams who used this technique to pass first time, in conjunction with Dr Bob Ryder, Dr Anne Freeman and Dr Mir Afzal; all established authorities in the MRCP field and authors of the two volumes of An Aid to the MRCP PACES. An Aid to the MRCP: Essential Lists, Facts and Mnemonics presents memory aids, facts and lists that are based on questions faced whilst revising for, or encountered during the MRCP exams and also features a free audio revision tool at www.anaidtothemrcp.com with a summary of the mnemonics contained in the book.

Includes 16 subject-based chapters - covering the Royal College of Physicians' curriculum for Part 1 of the MRCP 1 examination. This title also includes comprehensive answers section that features explanations that enable the reader to develop the knowledge and confidence to pass the exam.

Designed to help medical students through their exams. Built around the successful 'Essential Revision Notes for MRCP', this title focuses on what is essential learning for medical undergraduates and gives readers an 'all round' knowledge of medicine at this level.

Part of the MRCP 1 Pocket Book series, this title features questions and answers providing essential practice for the MRCP Part 1 exam.

One in a range of Part 1 pocket books containing Best of Five questions to reflect the MRCP Part 1 examination. Each contains sections of Best of Five questions on popular Membership topics.

Medicine for MRCP provides a comprehensive review of the material that you need to pass the MRCP Parts 1 and 2 written papers. The twenty-seven chapters mapped out to the RCP syllabus, cover all areas from molecular medicine and genetics, through to medical law and ethics. Written by specialist contributors and educational experts, the content is carefully crafted to build your understanding for both papers. Each chapter begins with the basic science required for Part 1, before covering clinical medicine for Part 1, Part 2 and the PACES examinations. To ensure effective revision, material is presented in short sections with bullet lists, tables, and boxes. Over 150 drawings and photos illustrate key principles and clinical topics making them easier to retain. References to evidence-based protocols and directions to further reading allow for deeper understanding. Candidates can review their progress via the 180 end-of chapter self-assessment questions. Drawing on the authors' expertise, Medicine for MRCP is the ideal companion for the MRCP as well as a useful reference guide for practicing medical doctors.

Best of Five MCQs for the MRCP Part 1 volumes 1-3 offers a comprehensive and trustworthy solution to anybody wishing to sit, pass and excel at the Membership of the Royal College of Physicians Part 1 examination. Presented as a unique three-volume set, each volume features 375 high-quality practice questions on each of the systems and specialties in alphabetical order. Volume 2 features Best of Five questions on dermatology, endocrinology, gastroenterology, geriatric medicine, infectious diseases, and ophthalmology. All 375 questions contain questions written and reviewed by successful candidates and previous examiners, and are accompanied by detailed explanations and further reading, ensuring complete and successful revision for this challenging exam. Matched to the latest Royal College curricula in coverage and format, this dedicated resource provides readers with an accurate, authoritative and evidence-based companion to the MRCP Part 1.

MRCP 1 New Multiple Choice 'Best of Five' Revision Book carefully reflects the content of the Royal College examination and the book accordingly reflects the new format of 'best of five' questions for the second paper of the actual Part 1 exam. - New best of five questions with expanded explanations - Subject based chapters reflecting the actual exam content to test your knowledge and highlight weak areas for further revision - Useful list of popular topics for the MRCP 1 exam - Checklist of vital topics for effective revision - Revision Index for easy access to specific topics

This new book contains 350 'best of five' multiple-choice questions for the new MRCP (UK) Part 1 exam. The questions cover a wide range of topics in both clinical medicine and applied basic sciences. The answers are fully descriptive and will help the candidate appreciate why the correct answer is the best of the five given, and include useful background information. The questions are in random order by topic, with the first 50 being less difficult - and thereafter the questions get more challenging. To aid revision, there is an appendix at the end of the book that lists the questions under topic headings. A new book of 350 new-style best of five questions in the style of the MRCP (UK) Part 1 exam Questions presented randomly by topic - as they would be encountered in the real exam Has fully descriptive answers Covers both clinical and basic science topics Includes an appendix where questions are grouped according to topic
