

Terry Scott A Working Biography

Kenneth Williams was the stand-out comic actor of his generation. Beloved as the manic star of Carry On films and as a peerless raconteur on TV chat shows, he was also acclaimed for serious stage roles. Born Brilliant will include much previously unseen material from Williams's candid daily journal and also draw on rare in-depth interviews with friends and colleagues. Since the publication of edited extracts from his diaries, much controversy has surrounded Williams's personal and professional lives. This biography traces the complex contradictions that characterised an extraordinary life and presents the first full portrait of a star who was born brilliant.

Discover the signature sartorial and literary style of fifty men and women of letters, including Maya Angelou; Truman Capote; Colette; Bret Easton Ellis; Allen Ginsberg; Patti Smith; Karl Ove Knausgaard; and David Foster Wallace; in this unique compendium of profiles—packed with eighty black-and-white photographs, excerpts, quotes, and fast facts—that illuminates their impact on modern fashion. Whether it's Zadie Smith's exotic turban, James Joyce's wire-framed glasses, or Samuel Beckett's Wallabees, a writer's attire often reflects the creative and spiritual essence of his or her work. As a non-linear sensibility has come to dominate modern style, curious trendsetters have increasingly found a stimulating muse in writers—many, like Joan Didion, whose personal aesthetic is distinctly "out of fashion." For decades, Didion has used her work, both her journalism and experimental fiction, as a mirror to reflect her innermost emotions and ideas—an originality that has inspired Millennials, resonated with a new generation of fashion designers and cultural tastemakers, and made Didion, in her eighties, the face of Celine in 2015. *Legendary Authors and the Clothes They Wore* examines fifty revered writers—among them Samuel Beckett; Quentin Crisp; Simone de Beauvoir; T.S. Eliot; F. Scott and Zelda Fitzgerald; Malcolm Gladwell; Donna Tartt; John Updike; Oscar Wilde; and Tom Wolfe—whose work and way of dress bears an idiosyncratic stamp influencing culture today. Terry Newman combines illuminating anecdotes about authors and their work, archival photography, first-person quotations from each writer and current designers, little-known facts, and clothing-oriented excerpts that exemplify their original writing style. Each entry spotlights an author and a signature wardrobe moment that expresses his or her persona, and reveals how it influences the fashion world today. Newman explores how the particular item of clothing or style has contributed to fashion's lingua franca—delving deeper to appraise its historical trajectory and distinctive effect. *Legendary Authors and the Clothes They Wore* is an invaluable and engaging look at the writers we love—and why we love what they wear—that is sure to captivate lovers of great literature and sophisticated fashion.

The professional wrestler shares his life story, career highlights, and experiences growing up in a wrestling family.

The first Encyclopedia of Commercial Real Estate The Encyclopedia of Commercial Real Estate Advice covers everything anyone would ever need to know on the subject. The over 300 entries inside not only have hard hitting advice, but many share enlightening stories from the authors experience working on hundreds of deals. This book is actually a good read, and pulls off making the subjects enjoyable, interesting, and easy to understand. As a bonus, there are over 150 time and money savings tips

With his sly little moustache, broad gap-toothed grin, garish waistcoats and ostentatious cigarette holder, Terry-Thomas was known as an absolute bounder, both onscreen and off. Graham McCann's hugely entertaining biography celebrates the life and career of a very English rascal. Born in 1911 into an ordinary suburban family, Thomas Terry Hoar-Stevens set about transforming himself at a very early age into a dandy and a gadabout. But he did not put the finishing touches to his persona until the mid-1950s with his groundbreaking TV comedy series *How Do You View?*, a forerunner of *The Goon Show* and *Monty Python*. Terry-Thomas went on to carve out a long and lucrative career in America, appearing on TV alongside Judy Garland, Bing Crosby and Lucille Ball, and in Hollywood movies with Jack Lemmon, Rock Hudson and Doris Day. He became every American's idea of a mischievous English gent. After a long battle with Parkinson's disease, he died in 1990 in comparative obscurity, but his influence lives on. Basil Brush was a polyester tribute to Terry-Thomas, and comedians including Vic Reeves and Paul Whitehouse hail T-T as a role model. 'Dandyism is the product of a bored society,' D'Aurevilly observed. Terry-Thomas cocked a snook at the dull sobriety of post-war Britain with his sly humour. As he would say himself: 'Good show!'

One of the most common questions asked by single women today is "How do I know if he's really interested in me?" In his new book, "If He Really Wants You He Will Pursue" Terry Scott gives an inside look into the mind of a man as he equips and encourages women to identify the differences between a man who wants to pursue and a man who just wants to play games.

This award-winning memoir about "the hippest guy on the planet" recollects novelist/screenwriter Terry Southern's highs and lows, his association with the Beat Generation, and his movie cult classics *Dr. Strangelove* and *Easy Rider*. In 1964, Terry Southern met actress Gail Gerber on the set of *The Loved One*. He was enjoying his success from co-writing the risqué novel *Candy*, a satire of *Candide*, and the movie *Dr. Strangelove*; she had just co-starred with Elvis Presley in *Girl Happy*. Though they were both married, there was an instant connection and they remained a couple until his death 30 years later. In her memoir, Gail recalls what life was like with "the hippest guy on the planet." It documents their life together and contains numerous photographs of Terry and Gail with friends both famous and notorious. The wickedly gifted satirist, who had a stint writing for *Saturday Night Live*, kept company with the likes of Lenny Bruce, Dennis Hopper, Ringo Starr, William Burroughs, George Segal, Harry Nilsson, George Plimpton, David Amram and Rip Torn. It also reveals what went on behind the scenes of Gail's movies (including *The Girls on the Beach* and *Village of the Giants*), and

Terry's movies (including *The Cincinnati Kid*, *Casino Royale*, *Barbarella*, *The Magic Christian*, *End of the Road*, and *Easy Rider*).

Revised and updated version of the bestselling political biography of 2010. This edition contains some completely new content from Mr Howard, including his thoughts on the 2013 election campaigns. John Howard's autobiography, *Lazarus Rising*, is the biggest-selling political memoir Australia has seen. In it he talks about his love for his family, his rollercoaster ride to the Lodge and how - as prime minister - he managed a strongly growing Australian economy and led Australia's war on terrorism. Drawing on his deep interest in history, he paints a fascinating picture of a changing Australia. In this edition, fully updated to take into account the return of the Liberal National Party to government after the 2013 election, Howard analyses the crucial years between the 2010 election which gave rise to the minority government of Julia Gillard, and the consequent unprecedented and destabilising leadership struggles within the Labor party. He discusses the significance of Tony Abbott's achievements in defeating the Labor Government in 2013, and provides a masterful summary of legacy of the Rudd/Gillard years for Australia. *Lazarus Rising* is essential reading for all followers of politics. PRAISE FOR LAZARUS RISING: 'John Howard has written a magisterial autobiography, compulsively readable in its way' the *Weekend Australian* 'Underneath Howard's plain political style lies an excellent communicator. His capacity to express his thoughts clearly, calmly and simply shines through' *Sydney Morning Herald*

This is the absolutely guaranteed 100% mostly true story of Terry Bradshaw: the man who gained sports immortality as the first quarterback to win four Super Bowls -- and the man who later became America's most popular sports broadcaster. *IT'S ONLY A GAME* "I had a real job once," begins a memoir as honest, unexpected, and downright hysterical as Bradshaw himself. From his humble beginnings in Shreveport, Louisiana, to his success as the centerpiece of the highest-rated football studio show in television history, Terry has always understood the importance of hard work. A veritable jack-of-all-trades, he has probably held more jobs than any other football Hall of Famer ever: pipeline worker, youth minister, professional singer, actor, television and radio talk show host, and now one of the nation's most popular speakers. But let's not forget one of the reasons why so many people know and love Terry Bradshaw: he won four Super Bowls! In *It's Only A Game*, Terry brings the reader right into the huddle and describes the game from the bottom of a two-ton pile to the top of the sports world. You'll sit right on the fifty-yard line and watch as Terry earns the title world's greatest benchwarmer. And you'll also hear about the single greatest play in pro football -- the Immaculate Reception -- as he never saw it. *It's Only A Game* is much more than a collection of Terry Bradshaw's favorite and funniest stories, it is the personal account of a great man's search for life before and after football...as only Terry could tell it.

"Comprehensive study that traces how lynchings in Texas evolved from largely clandestine acts into racialized recreation in which crowd involvement became integral to the atrocities committed"--

"By far the most sophisticated treatment of industrial structure and spatial organization in the Southern California manufacturing system. The analysis powerfully combines cogent historical narratives, revealing statistical profiles, and incisive empirical and theoretical discussion. . . . Long overdue given the region's obvious importance to the American and world economies."--Richard Gordon, University of California, Santa Cruz "By far the most sophisticated treatment of industrial structure and spatial organization in the Southern California manufacturing system. The analysis powerfully combines cogent historical narratives, revealing statistical profiles, and incisive empirical and theoretical discussion. . . . Long overdue given the region's obvious importance to the American and world economies."--Richard Gordon, University of California, Santa Cruz

You are holding one of the most attractive and interesting books on Hollywood ever published.

This combination of photographs and stories about the legendary stars is a movie fan's dream come true. Here are hundreds of images of all the greats, from Theda Bara to Cher ---- with John Engstead's lively stories about what goes on in the photographic studios of Hollywood. He reveals the techniques used by the stars to achieve their particular 'looks' ----- how they did their hair and makeup, how they dressed. And we learn what the world's greatest movie idols were (and are) really like. Also included are dozens of 'before-and-after' shots of stars like Joan Crawford, Gary Cooper, and Cary Grant ---- in the 1930s and again in the 60s and 70s. The book trade underwent a radical change at the end of the twentieth century that mirrored our cultural fascinations with electronic media and consumer culture, as old family firms were replaced by corporations, the ending of the Net Book Agreement gave shops a new freedom to compete by cutting their prices, and booksellers saw patrons increasingly influenced by the rise of the Internet. The British Book Trade is more than a book about books that considers the influence of these events and others— it also describes the heyday of book publishing and how that world has changed. This volume provides access to a culture often perceived as glamorous, incestuous, and hard to enter, through the words of insiders across the board—from sales representatives and shop assistants to secretaries, editors, and executives. Their experiences range from the 1920s to the present and include recollections of the British trade at home and overseas as far as Australia, South East Asia, and India. The British Book Trade draws on accounts from the Book Trade Lives collection of in-depth oral history interviews recorded by the National Life Stories and accessible through the British Library Sound Archive—which presents a wealth of seldom-heard materials on book and publishing culture. A consolidated index to biographical sketches in current and retrospective biographical dictionaries.

Cowboys, Armageddon, and The Truth: How a Gay Child Was Saved from Religion offers an illuminating glimpse into a child's sequestered world of abuse, homophobia, and religious extremism. Scott Terry's memoir is a compelling, poignant and occasionally humorous look into the Jehovah's Witness faith—a religion that refers to itself as The Truth—and a brave account of Terry's successful escape from a troubled past. At the age of ten, Terry had embraced the Witnesses' prediction that the world will come to an end in 1975 and was preparing for Armageddon. As an adolescent, he prayed for God to strip away his growing attraction to other young men. But by adulthood, Terry found himself no longer believing in the promised apocalypse. Through a series of adventures and misadventures, he left the Witness religion behind and became a cowboy, riding bulls in the rodeo. He overcame the hurdles of parental abuse, religious extremism, and homophobia and learned that Truth is a concept of honesty rather than false righteousness, a means to live a life openly, for Terry as a gay man."

'I agree with Lord David [Cecil] that Melbourne as a friend or relative must have been one of the most delightful, wise and entertaining of men, but in public life I believe him also to have been ambitious, cynical and almost wholly without political principle. He was, in short, much less of a carefree amateur, much more of a politician.' Philip Ziegler, from his Preface First published in 1976, Philip Ziegler's Melbourne drew on hitherto unused material and made an unprecedentedly searching assessment of the eminent Whig statesman of the 1830s/40s. It is extraordinary enough that Queen Victoria's first Prime Minister

should have been dragged through the courts by an aggrieved husband not once but twice. Yet Melbourne's 'problematic' personal life is only one reason why Ziegler, even-handed and scrupulous, was compelled to test the validity of Victoria's famous final judgement that Melbourne was 'not a good or firm minister'.

When Fortune Magazine estimated that 70% of all strategies fail, it also noted that most of these strategies were basically sound, but could not be executed. The central premise of Strategic Project Management Made Simple is that most projects and strategies never get off the ground because of adhoc, haphazard, and obsolete methods used to turn their ideas into coherent and actionable plans. Strategic Project Management Made Simple is the first book to couple a step-by-step process with an interactive thinking tool that takes a strategic approach to designing projects and action initiatives. Strategic Project Management Made Simple builds a solid platform upon four critical questions that are vital for teams to intelligently answer in order to create their own strong, strategic foundation. These questions are: 1. What are we trying to accomplish and why? 2. How will we measure success? 3. What other conditions must exist? 4. How do we get there? This fresh approach begins with clearly understanding the what and why of a project - comprehending the bigger picture goals that are often given only lip service or cursory reviews. The second and third questions clarify success measures and identify the risky assumptions that can later cause pain if not spotted early. The how questions - what are the activities, budgets, and schedules - comes last in our four-question system. By contrast, most project approaches prematurely concentrate on the how without first adequately addressing the three other questions. These four questions guide readers into fleshing out a simple, yet sophisticated, mental workbench called "the Logical Framework" - a Systems Thinking paradigm that lays out one's own project strategy in an easily accessible, interactive 4x4 matrix. The inclusion of memorable features and concepts (four critical questions, LogFrame matrix, If-then thinking, and Implementation Equation) make this book unique.

One of the most celebrated women of her time, Anna Elizabeth Dickinson was a charismatic orator, writer, and actress, who rose to fame during the Civil War. In "America's Joan of Arc," Gallman offers the first full-length biography of Dickinson to appear in over half a century.

This book raises the issue of what a teacher needs to know about English in order to teach it effectively. It leads teachers to awareness of the language through a wide range of tasks which involve them in analysing English to discover its underlying system.

Useful Toil engages freshly and directly with the 'ordinary' people of the nineteenth century. John Burnett has assembled twenty seven telling extracts from the diaries and autobiographies of working people - wheelwrights and stone-masons, miners and munition workers, butlers and kitchen maids, navvies, carpenters, potters and ship assistants to list only a few. The men and women

who speak in these pages concentrate on their working experiences, though they also write about their homes and their fears. They thus reveal, often unconsciously, the essence of their attitudes, values and beliefs. Burnett's broad and sympathetic introductions focus and contextualise the wealth of material. These stories provide the antithesis of 'great name' history, yet they constantly touch on human experiences that are timeless and universal.

Sir Walter Scott (1771-1832) was a Scottish historical novelist, playwright and poet. He was the first modern English-language author to have a truly international career in his lifetime, with many contemporary readers in Europe, Australia, and North America. His novels and poetry are still read, and many of his works remain classics of both English-language literature and of Scottish literature. Famous titles include *Ivanhoe*, *Rob Roy*, *The Lady of the Lake*, *Waverley*, *The Heart of Midlothian* and *The Bride of Lammermoor*.
Table of Contents: *JOURNAL OF SIR WALTER SCOTT* Letters PAUL'S LETTERS TO HIS KINSFOLK LETTERS OF MALACHI MALAGROWTHER LETTERS ON DEMONOLOGY AND WITCHCRAFT Various Articles and Essays RELIQUES OF ROBERT BURNS LIFE AND WORKS OF JOHN HOME LIFE OF KEMBLE — KELLY'S REMINISCENCES SALMONIA ON PLANTING WASTE LANDS ON LANDSCAPE GARDENING TRIAL OF DUNCAN TERIG ALIAS CLERK, AND ALEXANDER BANE MACDONALD BIOGRAPHY: SIR WALTER SCOTT by George Saintsbury SIR WALTER SCOTT by Richard H. Hutton MEMOIRS OF THE LIFE OF SIR WALTER SCOTT by J. G. Lockhart
A lively challenge to postmodern opinion that reveals satisfying and reliable certainties.

Lawyer turned entrepreneur Terry Giles explains what sets high achievers ("the fifteen percent") apart from those who don't quite make it. This is a riveting story of what it takes to win and keep winning—in business and in life—from one of America's most successful entrepreneurs, with a foreword by Secretary of Housing and Urban Development Dr. Ben Carson. On the surface, Terry Giles has a classic American success story. By 30, he built one of the largest criminal defense firms and generated tens of millions in revenue working with high profile clients. By 34, he left the legal profession and achieved even greater success as an entrepreneur, seemingly overnight. But as Giles observes in *The Fifteen Percent*, no one goes through life without facing serious obstacles. Speaking from his own hard-won experience from a difficult upbringing to America's loftiest boardrooms, Giles answers the question that took him years to answer: Why do some people overcome hardships while others do not? Citing research that fifteen percent of those individuals who face adversity and hardship are able to rise above the despair and succeed above all odds, Giles uses examples from his career and life to illustrate why and how this phenomenon occurs. From his childhood in the Missouri Ozarks, to defending the victims of child sex abuse, to creating a plethora of business enterprises, and even organizing a presidential campaign, he learns from experience the traits that define "the fifteen percent."

Even more important, in each chapter you will learn valuable skills including fearlessness; embracing underdog status; visualizing the future; and positive thinking; proving that you do not have to be a victim of bad circumstances to adopt the superpowers of “the fifteen percent.” Entertaining, inspiring, and full of useful insights you’ll turn to again and again, *The Fifteen Percent* will help you overcome whatever’s holding you back, so you can achieve lasting success in business and in life.

Sanford was an important public figures of postwar South. First as North Carolina's governor and later as president of Duke University, he demonstrated a dynamic style of leadership marked by creativity, helping transform Southern life. 87 photos.

One L, Scott Turow's journal of his first year at law school and a best-seller when it was first published in 1977, has gone on to become a virtual bible for prospective law students. Not only does it introduce with remarkable clarity the ideas and issues that are the stuff of legal education; it brings alive the anxiety and competitiveness--with others and, even more, with oneself--that set the tone in this crucible of character building. Each September, a new crop of students enter Harvard Law School to begin an intense, often grueling, sometimes harrowing year of introduction to the law. Turow's group of One Ls are fresh, bright, ambitious, and more than a little daunting. Even more impressive are the faculty. Will the One Ls survive? Will they excel? Will they make the Law Review, the outward and visible sign of success in this ultra-conservative microcosm? With remarkable insight into both his fellows and himself, Turow leads us through the ups and downs, the small triumphs and tragedies of the year, in an absorbing and thought-provoking narrative that teaches the reader not only about law school and the law but about the human beings who make them what they are. In the new afterword for this edition of *One L*, the author looks back on law school from the perspective of ten years' work as a lawyer and offers some suggestions for reforming legal education.

Miranda Hart is a comedy writer and actress whose BBC 2 sitcom 'Miranda' has recently earned her three British Comedy titles, including Best Female Comedy Actress, an RTS award and two BAFTA nominations. Before her own hit series was commissioned Miranda played Barbara in BBC 1's *Not Going Out* with Lee Mack, and earned a British Comedy Award nomination for her role in sci-fi sitcom *Hyperdrive* alongside Nick Frost. She has also popped up in *Nighty Night*, *Smack the Pony*, *Ab Fab*, *Vicar of Dibley* and *Jack Dee's Lead Balloon*. She also recently played a cameo in David Baddiel's feature film *The Infidel*. Earning her reputation as a comedian from her stand-up and sketch shows at the Edinburgh Festival and on the London circuit but it wasn't until 2005, when she did her last show at the Festival, that she was able to give up temping. Her role as a stand-up has earned a place as a regular on the panel show circuit, most recently hosting *Have I Got News For You*. Miranda's is a staunch supporter of Sport Relief and was part of the seven strong team that made up the Million Pound

Bike Ride - racing from John O'Groats to Lands End. For Comic Relief she took part in Fame Academy in 2007 and promises never to sing on television again. This is a detailed look at the comic's life, from growing up in Hampshire, through her time at Downe House girl's school and a degree in politics, to becoming the British Queen of Comedy.

This text explores the core principles of learning and memory in a clear, reader-friendly style, covering animal learning and human memory in a balanced fashion. A strong emphasis on practical applications to the college student's everyday life is evident in examples throughout, such as the correlation between caffeine consumption and grade point average (Chapter 1), the importance of taking practice tests over additional studying (Chapter 9), approach/avoidance coping for upcoming and completed exams (Chapter 5), and misremembering what your professor said in class (Chapter 10). The relationship between the fields of neuropsychology and learning and memory is also stressed throughout. The fourth edition has been thoroughly updated to reflect the latest research and has been freshened throughout with more relevant examples and better graphics. There are new sections on the adaptive-evolutionary approach, potentiated startle, behavior medicine, breaking habits, behavioral economics, testing effect, consolidation theory, an expanded section on working memory, and new applications in animal training, self behavior modification, neuroethics and artificial memory enhancement, and acting and memory.

Inspired by the Ideas and Insight of Taxi Terry...The Best Guide to Customer Service You Will Ever Read No matter who you are, what you do, where you work, or how much money you make, you can learn a lot from a cab driver--especially when it is Taxi Terry, a successful self-starting entrepreneur who combines passion with effort and skill to create distinction in his job and in his life. Bestselling author and Hall of Fame speaker Scott McKain was so impressed by Terry's joyful approach to customer service, he incorporated the driver's inspiring personal philosophy and uplifting advice into his business speeches at corporate events--with stunning success. These are the 7 Tenets of Taxi Terry: Set high expectations--then, exceed them! Delivering what helps the customer . . . helps you. Customers are people--so, personalize the experience. Think logically--then act creatively and consistently. Make the customer the star of your show! Help your customers to come back for more. Creating joy for your customer will make your work--and life--more joyful! If you want to be more than just a job title, Taxi Terry will inspire you to be better at what you do and become the best in your field. You'll find step-by-step strategies for each of the seven tenets, with actionable solutions that can be applied to an endless range of workplace problems. Also, with a special focus on "internal customers"--the people you rely on every day within your own company--the book addresses one of the most destructive issues in business today: employee disengagement. Using the same techniques that win over customers, you can actively engage coworkers, clients, and colleagues more effectively. In other words, everybody

wins. 7 Tenets of Taxi Terry is your road map to an extraordinary journey--full of wonderful encounters and mutually rewarding experiences--that will take you anywhere you want to go. PRAISE FOR 7 TENETS OF TAXI TERRY: "Scott McKain is a great storyteller and Taxi Terry delivers: it provides you what you need to know and do to provide your customers the kind of experience that will delight them and keep them coming back for more." -- Mark Sanborn, author of The Fred Factor and CEO of Sanborn and Associates "McKain clearly shows again why he is the master at teaching companies how they can out-market, out-sell, and out-service their competition." -- Dr. Tony Alessandra, author of The Platinum Rule and The NEW Art of Managing People "McKain shows you how to consistently deliver a level of service that makes you and your business distinctive in the hearts and minds of your customers. You will want every person in your company to read this book and apply its lessons." -- Randy G. Pennington, author of the award-winning bestseller Make Change Work "This book is another masterpiece from the brilliant business mind of Scott McKain." -- Patricia Fripp, CSP, CPAE, former president of the National Speakers Association and a leading executive speech coach "I have loved the story of Taxi Terry every time I've heard Scott tell it. It's entertaining, funny, and always a crowd pleaser. In this great book, Scott gives you a chance to go deeper into the story and learn the lessons you need to deliver a great customer service experience." -- Larry Winget, television personality and six-time bestselling author of Grow a Pair and Shut Up, Stop Whining, and Get a Life!

Mike Myers thinks he was "a genius", while John Cleese regards him as "a true cultural icon". He was an architect of British comedy, paving the way for Monty Python, and then became a major Hollywood star, forever remembered as Igor in Mel Brooks' Young Frankenstein. A writer, director, performer and true pioneer of his art, he died aged only 48. His name was Marty Feldman, and here, at last, is the first ever biography. Acclaimed author Robert Ross has interviewed Marty's friends and family, including his sister Pamela, Tim Brooke-Taylor, Michael Palin and Terry Jones, and also draws from extensive, previously unpublished and often hilarious interviews with Marty himself, taped in preparation for the autobiography he never wrote. No one before or since has had a career quite like Marty's. Beginning in the dying days of variety theatre, he went from the behind the scenes scriptwriting triumphs of Round the Horne and The Frost Report to onscreen stardom in At Last the 1948 Show and his own hit series Marty. That led to transatlantic success, his work with Mel Brooks, and a five-picture deal to write and direct his own movies. From his youth as a tramp on the streets of London, to the height of his fame in America – where he encountered everyone from Orson Welles to Kermit the Frog, before his Hollywood dream became a nightmare – this is the fascinating story of a key figure in the history of comedy, told in full for the first time.

Draws on previously unavailable sources including hundreds of private recordings made throughout the second half of the jazz master's life to assess his artistic achievements and personal arenas, sharing authoritative coverage of such topics as Armstrong's decision to break up his band and his quarrel with Eisenhower.

In this new publication, Kenneth Connor's son, Jeremy Connor, recalls many of the unique experiences that he shared with his much-loved father. At the same time, readers are given an engaging glimpse into life behind-the-scenes on many of the productions Kenneth worked on. With a foreword by Jeffrey Holland, and recollections from many of Kenneth's friends and

colleagues, *Life with Kenneth Connor* offers a fascinating and personal insight into the actor who passed away in November 1993.

A fully authorized, richly illustrated inside look into 50 of Mulder and Scully's most memorable monster cases. When an X-Files fan opens up *The X-Files: The Official Archives*, they are gaining access—for the first time—to Agents Mulder and Scully's notes, records, and visual evidence from actual X-File reports. Designed to mimic a collection of FBI case files and packed with such items as autopsy reports, mug shots, lab results, handwritten notes, newspaper clippings, pages ripped from antique books on the occult, and security camera printouts, this fully authorized book is the only one of its kind. Detailing the agents' investigations into 50 cases of cryptids, biological anomalies, and parapsychic phenomena—from the Flukeman to The Great Mutato to Pusher—*The X-Files: The Official Archives* showcases some of the show's greatest villains (some dastardly, some just misunderstood), and instructs future agents on how to successfully investigate the paranormal. In this biography Oka Yoshitake examines the life and times of this enigmatic man, dedicated to Japan's imperialist mission. Konoe plays a pivotal role in the China War and the militarist years leading up to Pearl Harbor attack.
