day at the very end of his sanity's tether. Even despite the lack of supernatural elements, "The Pit and the Pendulum" (1842) has enjoyed and influenced several notable movie adaptations. Animations such as The "Flinstones", TV series like "Crime Scene Investigation", to films like Roger Corman's "The Pit and the Pendulum" (1961), starring Vincent Price and some torture methods found in the "Saw" franchise, the story's famous pendulum scene is a rather fruitful source of inspirations. Yet, despite the terrific torments, the story focuses primarily on how terror is implicitly depicted through the workings of the mind. Edgar Allan Poe (1809-1849) was an American poet, author, and literary critic. Most famous for his poetry, short stories, and tales of the supernatural, mysterious, and macabre, he is also regarded as the inventor of the detective genre and a contributor to the emergence of science fiction, dark romanticism, and weird fiction. His most famous works include "The Raven" (1945), "The Black Cat" (1943), and "The Gold-Bug" (1843).

This selection of eleven stories and seven poems contains such famously chilling masterpieces of the storyteller's art as "The Tell-tale Heart," "The Fall of the House of Usher," "The Cask of Amontillado," and "The Pit and the Pendulum," and such unforgettable poems as "The Raven," "The Bells," and "Annabel Lee." Poe is widely credited with pioneering the detective story, represented here by "The Purloined Letter," "The Mystery of Marie Roget," and "The Murders in the Rue Morgue." Also included is his essay "The Philosophy of Composition," in which he lays out his theory of how good writers write, describing how he constructed "The Raven" as an example.

and at the same time paving the road for further exploration of the unknown. Poe's otherworldly narrative could easily fall in the same category as the sea voyages and tribulations described by later authors such as Herman Melville and Joseph Conrad. From one of America's most popular short story writers and an Academy Award nominee: the O. Henry Award-winning tale that inspired the movie *The Hunt*. A subject of mysterious rumors and superstition, the deserted Caribbean Island was shrouded in an air of peril. To Sanger Rainsford, who fell off a yacht and washed up on its shores, the abandoned isle was a welcome paradise. But unknown to the big-game hunter, a predator lurked in its lush jungles—one more dangerous than any he had ever encountered: a human. First published in 1924, this suspenseful tale "has inspired serial killers, films and stirred controversy in schools. A century on, the story continues to thrill" (The Telegraph). "[A] tense, relentless story of man-against-man adventure, in which the hunter Sanger Rainsford learns, at the hands of General Zaroff, what it means to be hunted." —Criterion

most enduring works. This is a collection of his greatest tales of grime and darkness, with his poem, "The Raven," included as a bonus. Naturally, there is debate about which of Poe's stories are really his greatest ones, with much having to do with one's personal preference. Still, the fifteen included in this edition are undoubtedly strong contenders for the distinction. Included short stories in this volume: "The Tell-Tale Heart," "The Cask of Amontillado," "The Fall of the House of Usher," "The Pit and the Pendulum," "The Black Cat," "The Murders in the Rue Morgue," "The Purloined Letter," "Ms. Found in a Bottle," "The Facts in the Case of M. Valdemar," "The Premature Burial," "The Masque of Red Death," "The Balloon Hoax," "William Wilson," "The System of Dr. Tarr and Prof. Fether," and last but not least, "Hop Frog." On his deathbed, Montresor tells a chilling tale of revenge from fifty years before. He relates how he tricked a man named Fortunato, who had dishonored him. He convinced Fortunato to follow him to examine a cask of fine wine. In the wine cellar, he proceeded to encase the man in a false wall for eternity. This chilling tale is now a striking graphic novel adaptation. Aligned to Common Core Standards and correlated to state standards. Graphic Planet is an imprint of Magic Wagon, a division of ABDO.

the deadly revenge taken by the narrator on a friend who he claims has insulted him. Like several of Poe's stories, and in keeping with the 19th-century fascination with the subject, the narrative revolves around a person being buried alive - in this case, by immurement.

The story follows an unnamed narrator who reads a story about a man who died after accidentally sucking a needle down his throat. He rages at the gullibility of humanity for believing such a hoax. He vows to never fall for such odd stories. Just then, a strange-looking creature made of a keg and wine bottles appears. The creature announces in a heavy accent that he is the Angel of the Odd — and that he is responsible for causing such strange events.

This entertaining anthology includes four of Edgar Allan Poe's most popular tales of terror (The Masque of the Red Death, The Tell-Tale Heart, The Cask of Amontillado, and The Black Cat) and a selection of his haunting poetry reprinted in full, along with an introduction and biography on the Master of the Macabre.

This book examines one work dealing with madness from each of five prominent authors. Often claimed to be among the first modern detective stories written, "The Murders in the Rue Morgue" exemplifies Poe's interest in the workings of the mind when facing cases that need to be solved. C. Auguste Dupin, the protagonist, is the forefather of all great detectives such as Sherlock Holmes, Hercule Poirot, and Philip Marlowe.

Different from Poe's terror or horror-laden tales, the story nonetheless abounds in strange occurrences and horrific depictions. It has been made into several movie and TV adaptations, as well as radio programmes. Edgar Allan Poe (1809-1849) was an American poet, author, and literary critic. known verse are collected with early poems, rarely published stories and humorous sketches, and the ecstatic prose poem Eureka. Poe's poetry is famous both for the musicality of "To Helen" and "The City in the Sea" and for the hypnotic, incantatory rhythms of "The Raven" and "Ulalume." "The Fall of the House of Usher" and "The Cask of Amontillado" show his mastery of Gothic horror; "The Pit and the Pendulum" is a classic of terror and suspense. Poe invented the modern detective story in "The Murders in the Rue Morgue," and developed the form of science fiction that was to influence, among others, Jules Verne and Thomas Pynchon. Poe was also adept at the humorous sketch of playful jeu d'esprit, such as "X-ing a Paragraph" or "Never Bet the Devil Your Head." All his stories reveal his high regard for technical proficiency and for what he called "ratiocination." Poe's fugitive early poems, stories rarely collected (such as "Bon-Bon," "King Pest," "Mystification," and "The Duc De L'Omelette), his only attempt at drama, "Politian"—these and much more are included in this comprehensive collection, presented chronologically to show Poe's development toward Eureka: A Prose Poem, his culminating vision of an indeterminate universe, printed here for the first time as Poe revised it and intended it should stand. Poe's "The Tell-Tale Heart". In both, a murderer carefully conceals his crime and believes himself unassailable, but eventually breaks down and reveals himself, impelled by a nagging reminder of his guilt.

One of E. A. Poe's more horror-oriented stories, "The Facts in the Case of Mr. Valdemar" presents the author's obsession with death, scientific experiments, and resurrection. Playing around with forbidden and unscientific methods, Poe vehemently tries to exhibit his own medical knowledge to the reading public, asking for some sort of pardon for the horrific and disgusting end of his experiment. The depiction of gore and "detestable putrescence" paves the way for another master of American horror, H. P. Lovecraft, whose dream journeys and loathsome descriptions owe a great debt to Poe's story. Edgar Allan Poe (1809-1849) was an American poet, author, and literary critic. American writers shows his sympathy with the Romantic movement, which prevailed in his time in all the countries of Europe. His devil, however, has not been imported from the lands across the Atlantic, but is a part of the superstitions of the New World. The author himself did not believe in "Old Scratch." The real devils for him were the slave-traders and the witch-hunters of Salem fame. It is interesting now to read a contemporary critic of Washington Irving's devil-story: "If Mr. Irving believes in the existence of Tom Walker's master, we can scarcely conceive how he can so earnestly jest about him; at all events, we would counsel him to beware lest his own spells should prove fatal to him" (Eclectic Review, 1825). Few people in those days had the courage to take Old Nick good-naturedly. "Even the clever Madame de Stael," said Goethe, "was greatly scandalized that I kept the devil in such good-humour." The devil appears in many colours, principally, however, in black and red. It is a common belief in Scotland that the devil is a black man, as may also be seen in Robert Louis Stevenson's story "Thrawn Janet." There is no warrant in the biblical tradition for a black devil. Satan, however, appeared as an Ethiopian as far back as the days of the Church Fathers. The black colour presumably is intended to suggest his place of abode, whereas red denotes the scorching fires of hell. The devil was considered as a sort of eternal Salamander. In the New Testament he is

described as a fiery fiend. Red was considered by Oriental nations as a diabolical colour. In Egypt red hair and red animals of all kinds were considered infernal. The Apis was also red-coloured. Satan's red beard recalls the Scandinavian god Donar or Thor, who is of Phoenician origin. Judas was always represented in mediaeval mystery-plays with a red beard; and down to the present day red hair is the mark of a suspicious character. The devil also appears as yellow, and even blue, but never as white or green. The yellow devil is but a shade less bright than his fiery brother. The blue devil is a sulphur-constituted individual. He is the demon of melancholy, and fills us with "the blues." As the spirit of darkness and death, the devil cannot assume the colours of white or green, which are the symbols of light and life. The devil's dragon-tail is, according to Sir Walter Scott, of biblical tradition, coming from a literal interpretation of a figurative expression. A few interesting remarks on the expression "The Devil and Tom Walker" current in certain parts of this country as a caution to usurers will be found in Dr.

celebrate him as one of the most ingenious writers in America, if not in the world, others reject him for the fact that they consider him racist, sexist, elitist and anti-democratic. However, both sides are – in one way or the other – fascinated by Poe and his works, who has thus become one of the most discussed American authors. This paper will examine a specific part of Poe's manifold bibliography, namely a selection of short stories, and work out how names are used to establish, convey or support a certain attitude or underlying meaning. Yet the objects of investigation are not necessarily solely names of the characters, since Poe has also assigned certain names to, for instance, buildings (in *The Fall of the House of Usher*) or beverages (in *The Cask of Amontillado*), which are not less important to the respective stories than the characters' names and are therefore to be taken into consideration as well. In order to assume a certain theoretical background, this paper will start with a brief description of the general way in which Edgar Allan Poe wrote (and intended to write) literary texts in order to help to estimate which relevance should be assigned to specific details (names). A second theoretical section deals with the overall function of names in literature. What follows is the analytic part of this paper, namely the analysis of the significance of certain names in four of Poe's short stories. The analysis will start with *The Fall of the House of Usher* as both one of the most famous and one of the most controversially discussed of Poe's tales and deal with the way how names support the story's interpretation. The next section will deal with *The Cask of Amontillado*, adding special emphasis on the reliability of the narrator, based on the way in which the story is told and names are used. Thirdly, the center of attention will be Poe's *The System of Doctor Tarr and Professor Fether* and, accordingly, political references which are conveyed by the use of names. Finally, *The*
